RE: EB-06-TC-060
EB Docket No. 06-36

Certification of CPNI Filing (February 6, 2006) for AirCell, Inc.

Dear Ms. Dortch,

In response to the Commission's public notice DA 06-223 (released Jan. 30, 2006), AirCell, Inc. ("AirCell") submits this letter, accompanied by its most recent officer certification, to demonstrate that the company is in compliance with its obligations, pursuant to Section 222 of the Communications Act of 1934, as amended, and the Commission's rules as set forth at 47 C.F.R. §§ 64.2001-64.2009, to protect the confidentiality of customer proprietary network information ("CPNI").

AirCell resells satellite telecommunications services to the aviation market. AirCell does not use CPNI for marketing purposes. AirCell does not disclose or permit access to CPNI to third parties for marketing or any other purposes. Therefore, most of the requirements contained in the CPNI rules, such as requirements to obtain customer consent for use of CPNI for marketing purposes, are not applicable to AirCell.

AirCell takes seriously its obligation to safeguard CPNI. AirCell has trained its employees with access to CPNI on the limited purposes for which they are authorized to use CPNI, and on the critical importance of adequately protecting CPNI from misuse or unauthorized disclosure. It is AirCell policy that any employee who fails to follow AirCell policies and procedures with regard to CPNI will be subject to disciplinary action. As a service provider to government customers, including agencies involved in law enforcement, public safety and national security, AirCell is especially sensitive to this obligation. Moreover, recent media reports of "data brokers" who attempt to obtain CPNI from carriers through fraudulent means has further heightened AirCell's awareness of the need to be vigilant in protecting CPNI.

Respectfully submitted,

A handwritten signature in black ink that reads "William J. Gordon".
